## DINING OPTIONS

Served on exquisite dinnerware by Villeroy & Boch, meals at Helena Bay will never feel repetitive. Each night the choice of dining venue is yours; an elegant candlelit dinner in front of one of the many roaring log fires or on the terrace looking out to the Pacific Ocean. These are just some of the options. During the day, poolside lunches or a picnic on one of Helena Bay's private beaches are available. Whatever your mood, the Chefs and Lodge Staff are on hand to look after your every wish.

## DEGUSTATION DINNER

Our talented Chefs prepare a different five-course degustation menu every night, showcasing their signature dishes. You can choose to have a lighter three-course option if you wish - this menu will take you through a beautiful selection of flavours, we often think the dishes look too good to eat! Our reception team will email you a food preference form prior to your arrival, encouraging you to list any dietary requirements and of course any favourites you would like included.

## PRIVATE DINING

### THE DEN

The Den is our smallest, most intimate private dining area. Comfortably seating two persons this intimate room hosts our library along with a log fire. This is also where our selection of board games is kept. A cosy space to spend a romantic evening with your loved one.

The wine cellar at Helena Bay has more than 240 selections and over 2,100 bottles of carefully selected New Zealand and international wines; some are true finds which, in the hands of our Wine Manager, are the perfect companions for the exquisite meals served in our many dining venues. Please ask a member of staff if you would like a tour of our wine cellar.

## THE FIRE PIT

With clear skies and very little light pollution, Helena Bay Lodge is in an ideal location for stargazing. We have an outdoor sunken fire pit that offers ambiance and fresh air to enjoy in solitude or with friends – the Southern Hemisphere skies are truly breath-taking. We urge you to enjoy your pre-dinner drinks by the fire and indulge in our selection of canapés while watching the sun go down. It's an experience you'll never forget.

# THE LAND

## BEE TOUR

Did you know that the average beehive can have over 60,000 bees? Or that bees are the only insects with five eyes? Honey bees are not only very interesting but are also vital for the production of one third of the world's food sources. New Zealand is known as the "land of milk and honey" for good reason. Beekeeping is a key primary industry in New Zealand, producing some of the best-quality honey in the world—including the famous mānuka honey known for its healing properties.

If you are interested in learning more about the intriguing world of honey bees in a way that few get to experience, then our bee tour is for you. Led by one of our beekeepers, you will watch a demonstration on how to suit up in protective gear and then be shown the types of beekeeping equipment and how to use them. Once you are in protective gear, you will get up close to one of our hives where you will learn about the different types of honey bees and their roles, discover secrets of the hive, hold a frame covered in bees, hunt for the queen, witness the birth of new bees, and sample some fresh honey straight from the honeycomb

Helena Bay Lodge has beehives dotted around the property, spread out to reach the array of pollinating flowers that contribute to the production of our gardens. These bees produce the high-quality multi-floral honey available during breakfast and in our gift shop for purchase.

Combined with our spa and massage options to compliment, after a break of nourishing yourself from the inside out you'll feel rejuvenated and refreshed to take on the world again.
